## ABOUT US

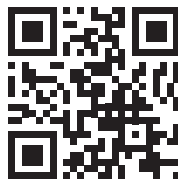

SYM is a non-profit volunteer organization providing various forms of volunteer services to diverse local populations in the San Luis Obispo community. Our mission emphasizes diversity; SYM takes on projects with community organizations that support people with different cultural backgrounds to not only help these communities but also give SYM volunteers opportunities to interact with people they may not encounter as much in their daily lives.

*"I'm from a school where I am surrounded by people growing up in similar backgrounds to mine. Volunteering with SYM forced me out of my comfort zone and I've gained valuable experience through the events."*
